

# artPRO

## Professional, Protection Advanced Wall Panel

Parallax's artPRO provides excellent impact properties for a myriad of applications. It is used in a wide array of markets and applications including, POP, Store Fixtures, Kiosks, and Wall Guards. artPRO's impact strength and excellent cutting capabilities can provide unique durable designs and intricate shapes as well as full coverage wall graphics.

## Vibrant Graphics for High Traffic Areas

### Durable Impact Resistant Design

The digitally printed image is protected from surface abrasions by being printed on the smooth back of the material. artPRO is made from 100% recyclable materials and is Greenguard certified. Water-based VOC-Free adhesives are recommended for applications.
